-  False-Positives (not oil)
-  Destroyed Taylor Platform :  
[ 28°56'9" N / 88°58'12" W ]

 61km<sup>2</sup> Area of Possible Oil

## REMARKS:

A rather long slick of possible oil can be seen emanating from the Destroyed Taylor Platform this afternoon. The slick extends about 12.5 miles to the north/northeast in mostly clear conditions. Surface winds and ocean currents are both in agreement with flow from the south/southwest in that region.
